

Ashley Walsh for Academic Affairs Officer

Why me?

I am **committed** and **hardworking**, keen to improve College life.

I am **well organised** and have held responsibilities on major University societies, including political clubs and debating groups.

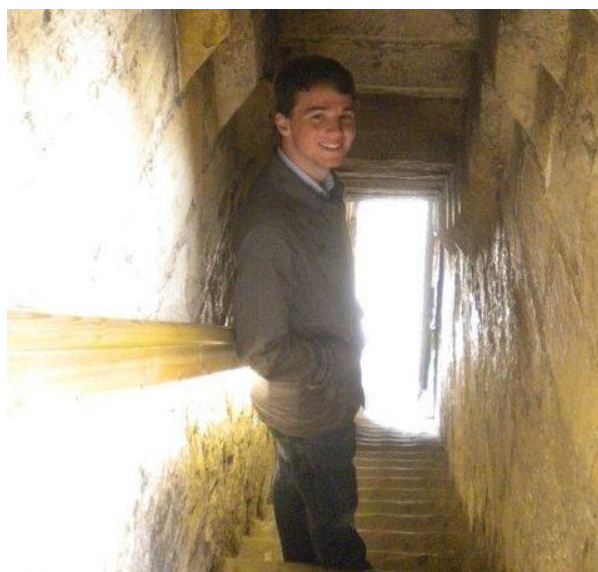

I have organised many events at Downing, becoming familiar with the system and staff.

I **like** *University Challenge*.

My ideas:

- I will make myself available *at all times* to help and to advise undergrads.

- I will make **supervision rooms** available as often as possible during Exam Term for a quiet place to revise.

- I will work with the **library** staff to improve the borrowing system and to solve problems of card access.

- I will work closely with the Access Officer to encourage *everyone* to apply through such **academic initiatives** as essay competitions.

- I will **represent forcefully and effectively** student opinion on the Education Committee. This includes:

1. Representing student opinion on exams and study skills sessions.
2. Suggesting ways to make the interview process more comfortable.
