“ARE YOU QUALIFIED?”

- We can both read and write.
- Being English students, we are also *outstandingly* well organised.
- As Englings, we thrive in high pressure, deadline-heavy environments.
- We have flare and originality *verbally* and great appreciation for *aesthetics*.
- Catherine has written extensively for The Tab and Varsity.
- Phoebe has written for The Griffin, illustrated for TCS and a Cambridge art exhibition in 2009 (manifesto art by Phoebe, but don't let that put you off).
- We will always take bribes.

“BUT WHAT IS YOUR VISION?”

- Maintaining the high standards of presentation established by Moya and Emma, developing successful features such as fashion and photos of the term – If it ain't broke, don't fix it!
- Motivating our *extraordinarily talented* student body to contribute more and find pleasure in writing.
- Producing *a relevant, high quality paper* including:
 - Debates relevant to Downing suggested and argued by *you*.
 - Fun *and* pertinent features
 - Interviews with public figures connected with *our* college.
- Publishing The Griffin online with associated forum for ideas and comments to achieve continuity between issues and help us to produce the paper that *you* want to read.
- Communicating closely with the JCR to keep you involved in their decision making.
