

# David Cobbledick for Access Officer

I actively believe that no potential applicant should be put off simply because of their background or circumstances.

This is why I have already participated in several access events, mostly at home in the South West, Downing's access catchment area.

## **Vote for me because-**

- I applied through the special access scheme so know how the system works
- I already have experience of access events and working with schools

## **As access officer I would-**

- Continue to promote Downing and Cambridge at access events and in schools
  - Work with the college access officer to extend the scope of these events
  - Work to change people's attitudes about applying

on **Friday 11<sup>th</sup>**

# Vote Cobbledick for access!

Proposed by James Parker, seconded by Kathryn Moyse
