

Rob and Katie for Freshers' Officers!

We're running for the head freshers' reps role to build on the success of last year's freshers' week and make that first impression of Downing life even better.

Why us?

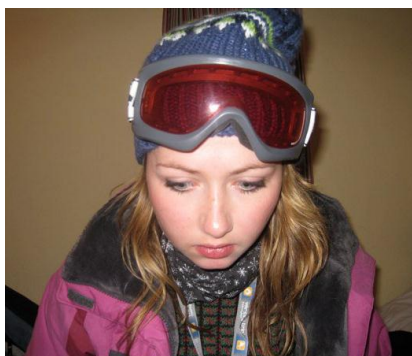

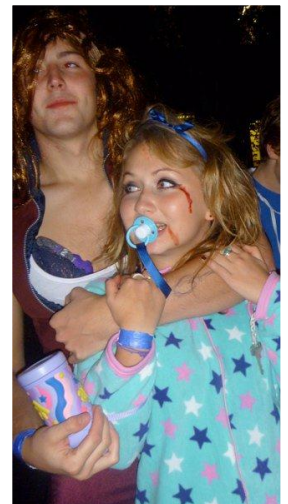

- Sociable, friendly and approachable!
- Varied backgrounds in several respects, and now actively involved across a wide range of clubs, teams and societies in college and throughout university.
- Work well both in group situations and individually.
- Collectively we have a wide network of friends from which we can draw help and advice: so if we can't help, we know someone who can.
- Both have leadership experience, but we want to put together a team which functions dynamically to reach decisions as a group rather. The week is about the freshers – not us!
- And as we all know, the most important thing about freshers' week is the **FUN**, and that's what we're all about!

We aim to:

- Minimize stress for a smooth transition into college life
- Continue and improve the family system
- More activity of staircase reps to aid the transition from day to night time activities
- Focus on entertainment that allows involvement by all
- Provide plenty of information well before arrival

Ideas:

- Roller disco to avoid the awkward first night ent
- 'Old school' sports day, and 'Back to school' ent - think shorts, egg & spoon races and ice cream!
- Rubik's cube / ABC ents
- Family night / punting earlier in the week as an ice-breaker

**Nominated by Steve Townend
Seconded by Lydia Donaldson
