

# Tim Hillel for Mens' Welfare and Equal Opportunities Officer

As Men's Welfare and Equal Opportunities Officer I would focus on three main areas:

1. Help promote student safety in Downing, both with coming up with new ideas and initiatives and ensuring that the current health campaigns continue with strength.
2. Provide a listening ear for students' problems and ideas, making sure their opinions are heard at a higher level.
3. Most importantly, being a friendly person who you know you can approach when you need, and who will do their best to help you out.

What will I bring to the role?

- Friendly and approachable student involved in college sport and who's often around college
- Energetic, team player who wants to help
- Someone who will listen if you need someone to talk to
